Interested in Babysitting?

There are many babysitting jobs advertised in the Student Employment Office. Contact Meri Lynch at ext. 4405, or lynchme@wofford.edu to get details.

Faculty Dining Room-Friday adjustment

I hope you are enjoying the faculty/staff dining program in Burwell. Please spread the word about our great value at \$3.00 per meal!

On Fridays with good weather we will now operate the following way: a cookout will be planned for Players' Corner (there will be live music on most days under the gazebo) with buffet lines set up in the AAAS lounge; a soup and sandwich buffet with a salad bar will still be available in the faculty serving area and the Montgomery Room will be open; and, the main dining room upstairs in Burwell will serve a few options on a more limited basis. We hope you will enjoy the change of pace and the excellent outdoor alternative.

Please join me in expressing your appreciation to ARAMARK for their efforts with our faculty/staff dining program.

Network Update

We now are in the second week of using the new network system for the entire campus. Although the system is running fairly well, we have discovered an unexpected glitch or two and have had a few questions about using the new system.

Course Public Folders and Distribution Lists: Our plan is to refresh the membership of the course public folders and distribution lists periodically – after the add/drop period for instance. We have had some problems with the software that refreshes the membership, but if things go well, the public folders and distribution lists will be repopulated by Thursday. At the present it is not possible for professors to add or delete members from the subfolders in the course public folders or to change the membership of course distribution lists. We will try to correct these problems as soon as we can.

Passwords for Modem Connections to the Network: For the next few months, we will continue to use VAX passwords to authenticate a phone connection to our modem pool. We will give the community plenty of notice before there is any change in remote access passwords.

Email Forwarding: At the present, we are unable to support email forwarding from Wofford to other accounts, such as Hotmail or Yahoo. If users want to keep their Hotmail or Yahoo addresses, we encourage them to forward their mail from these systems to their Wofford account.

Students and Public Folders: Students who want to view course public folders should use Outlook Web Access (OWA). Lessons describing how to use public folders with OWA are available from the Help Desk at the front of the Olin 207 computer lab. You also may obtain copies of lessons from Cathy Conner (4500) or David Whisnant (4294). Because of the way the Exchange servers are set up, we have found that it currently is not possible for students to view course public folders using the standard version of Outlook.

Address Lists: Student names in the global address list have been changed to display the last name first so that they match the faculty and staff names.

Logging Off: It is very important to log off the network when you leave a public computer on which you are logged on under your own username. If you do not log off, anyone following you will have access to all your network files. We are exploring the possibility of setting public computers to automatically log off after a specified period of inactivity.

Novel Experience

To: All Faculty and Staff
From: Bernie Dunlap

I want to thank everyone who participated in our first 'Novel Experience' during orientation and yesterday during Charles Johnson's visit to campus. By all reports, it was a huge success. Leonard Auditorium was filled on all three occasions--on the night of the dinner-on-the-town discussions, at our Charles Johnson Convocation, and at Johnson's reading last night (despite an unavoidable conflict with a number of other on-campus events). Part of the credit should go to our extraordinary freshman class, whose rate of participation in every event is so remarkable. Most of the credit should go to Humanities 101 instructors and to everyone else on the faculty and staff involved in different phases of the program. But special thanks are due to John Cobb and John Lane for overseeing the operation, to Roberta Bigger and John Blair for handling such complex logistical arrangements, to Doyle Boggs and Laura Corbin for producing such a handsome brochure in so short a time, and to all those who contributed to this wonderful idea.

those who, as it was evolving, contributed facets of this wonderfully inventive idea. Charles Johnson himself observed that this was a far more imaginative program than the one he participated in at Stanford. With any luck, Stanford will profit from our example, as our own students most certainly will. Our success assures the continuation of the Wofford College Novel Experience next year, so it's not too soon to begin looking for another work as challenging and accessible as *Middle Passage*.

Ecumenical Bible Study

The weekly Ecumenical Bible study will meet in the Shipp Hall Lounge Thursday at 12:00 noon. The speaker will be the Reverend Randy Wright, pastor of Fernwood Baptist Church. Everyone is invited to attend. Lunch is provided.

Copier Problems in Olin Building

An extra copier is being ordered for placement in Cathy Conner's office in Olin Building to replace the old RICOH 8980 which was removed. Presently, the OCE'3165 in Cathy Conner's office should be used by faculty and staff for smaller, more urgent copy runs during the morning hours and early afternoon. Large copy runs should be made from 3:00 p.m. on. Faculty will take priority over student assistants.

Interested students should contact Chaplain Skinner by October 4. Chaplain Rosalyn Coleman from the Institute will be in the Chaplain's office November 10 at 11:00 am to interview prospective students.

Hospital Administration Experience

The Spartanburg Regional Health System is currently preparing for an important review in August 2003 by the Joint Commission for the Accreditation of Health Organizations (JCAHO). In order to help prepare for the review, the hospital administration is looking for student volunteers to help with the preparation process. This is a great opportunity for those students interested in hospital administration and other health care related careers. If you are interested in volunteering 1-2 hours a week, please contact Dr. Lefebvre at ext. 4639 or by email at John.Lefebvre@wofford.edu

Network Update

Help Center: The arrival of students back on campus always generates a high volume of Help Center traffic, which was even higher than usual this year because of the new Network Services system. During the ten days following Freshman check-in, the Help Center received 1,240 calls as well as an unrecorded, but substantial, amount of walk-in traffic. The Help Center staff was able to answer over 70% of the calls they received, with the remaining calls going to voice mail. Calls that were not handled during the initial contact generated approximately 130 trouble tickets, which were handled later. This was a difficult period both because the Help Center is short-staffed by one person right now and because the calls tended to come in bunches rather than being spread out evenly throughout the day.

The Help Center staff is to be commended for doing a tremendous job under trying circumstances. I hope that you will thank them when you get a chance.

Undeliverable Email: If someone tells you that they have tried to reach you by email and have received an “undeliverable email” message, please ask them to check your email address in their personal address book. It is probable that they have the address saved as “username@truth.wofford.edu” or “username@mail.wofford.edu.” They should delete the “truth” or “mail” portion of the address, changing it to simply “username@wofford.edu.” “Truth” is the name of the VAX computer that we are no longer using as our email server.

Automatically Emptying Your Deleted Items Folder: It is probable that you have received messages from the System Administrator about your mailbox filling up. Even though each user has a 10 MB quota on his or her mailbox, messages still pile up. It will help to set Outlook up to empty your Deleted Items folder automatically. In the top Outlook menu, click on 'Tools' and then 'Options' in the menu that drops down. In the window that appears, click on the 'Other' tab. Check the checkbox by the 'Empty the Deleted Items folder

appears, click on the 'Other' tab. Check the checkbox by the 'Empty the Deleted Items folder when exiting' option. Then click on OK at the bottom.

Presidential International Scholar: findingfishermen.org

Wofford College's 18th Presidential Scholar, Dawna Quick, has begun her yearlong journey across the globe.

You can follow her adventures at <http://findingfishermen.org>

Dawna arrived in Guanajuato, Mexico on Wednesday, September 25.

Centering her project on wages and labor, Dawna is planning to explore the concept of "human development" by studying the labor force and culture of each country. She also hopes to determine if the wages of laborers are adequate to secure basic needs such as food, clothing, shelter, and medical care.

Make a difference...be a mentor!

Cannons Elementary School (Spartanburg District 3):

The HOSTS (Help One Student to Succeed) program at Cannons Elementary asks for as little as 30 minutes a day for 1 day a week to spend helping a child with Language Arts. A Cannons Elementary teacher loosely supervises the time you spend with the child, and you are provided with materials to help you help a child.

Cowpens Middle School (Spartanburg District 3):

Cowpens Middle School students want you to be their Co-Pilot to help steer them in a positive path. CMS will work with your schedule (and the students') to set up a time for you to meet with your student.

This is a really good opportunity for groups and individuals to get involved. Please contact Debbie Deas at deasds@wofford.edu with any questions.

Valerie Hartzell and the Troubadour Series

Ms. Hartzell, an outstanding classical guitarist coming from Houston, TX, will perform Monday night, September 30, at Wofford for the Troubadour Series' second event of the year. This is a free concert, beginning at 7:00 p.m. in the Papadopoulos Building. Sigma Delta Pi, the Hispanic National Honor Society, invites the Wofford community to join Ms. Hartzell for lunch Monday, 12:00 p.m., in the Holcombe Room. Please call 4261 to reserve a place; meal plan applies.

Pay Back Student Loans with Service

Are you worried about your student loan debt once you graduate? Are you interested in voluntarism in jobs like tutoring, mentoring, working at state agencies or childcare

facilities?

Americorps National Service Initiative allows students to pay back loans with service, and it could be a great option for you! Come to a reception in the Bonner Lobby (upstairs from the Bookstore in Campus Life) on Tuesday, October 1 at 7:00 PM and hear about the possibilities.

Campus Safety Speaker

There will be a representative from the Spartanburg City Police Dept. to discuss campus safety issues on October 1 at 6:00 PM in Zach's. This event is open to all. Please make plans to attend.
